Brasília, Brazil | Remote / Hybrid | souraphael@gmail.com | +55 (61) 98502-8187 | [linkedin.com/in/souraphael](https://www.linkedin.com/in/souraphael) | souraphael.vercel.app

PROFESSIONAL SUMMARY

Growth, digital marketing, and marketing operations professional with 16+ years of experience connecting strategy, acquisition, CRM, performance, content, automation, team leadership, and commercial execution. Background across agencies, startups, local businesses, digital projects, and AI-assisted operations, with a strong ability to turn business problems into growth systems, measurable routines, and practical execution. Strategic and hands-on profile, able to work across marketing, sales, product, technology, data, and stakeholder environments.

CORE COMPETENCIES

- **Growth and revenue:** growth strategy, sales funnels, demand generation, acquisition, conversion, retention, remarketing, reactivation, and continuous improvement.
- **Performance and digital channels:** Google Ads, Meta Ads, landing pages, SEO, content, social media, reporting, KPIs, ROI, CPC, CPA, CPV, and customer behavior analysis.
- **CRM and automation:** welcome journeys, nurture flows, lead/customer recovery, email marketing, WhatsApp, ManyChat, ActiveCampaign, Mailchimp, Monday.com, n8n, and basic Make workflows.
- **Marketing operations:** project management, briefs, timelines, task boards, prioritization, scope control, vendors, remote teams, and cross-functional processes.
- **AI applied to work:** workflows with ChatGPT, Claude, Codex, Cursor, OpenCode, Antigravity, and Google AI Studio for research, content, prototyping, automation, documentation, and AI-assisted development.

SELECTED PROJECTS

- **Trading Life Pro:** built a functional AI-assisted product using React, TypeScript, and Firebase, consolidating trading records, imports, dashboards, strategy taxonomy, error analysis, and continuous improvement workflows.
- **AtendeAI:** participated in the creation of a chatbot project with partners, including a developer specialized in automation and integration; worked on n8n routines, AI/API logic, flows, and service logic.
- **AI Smart Studios:** built an AI-first creative operation for international clients, applying AI to prompting, storytelling, audiovisual production, content, workflows, and digital asset delivery.

PROFESSIONAL EXPERIENCE

AI SMART STUDIOS - FOUNDER & AI MARKETING OPERATIONS

Mar 2025 - Jan 2026

- Built an AI-first creative operation from scratch, generating approximately **US\$12K in 6 months** through delivery for US-market clients.
- Served projects for **Fusion Academy and Jettly**, managing scope, alignment, iterations, quality control, production, and deadlines in a remote environment.
- Developed AI workflows for content, video, audio, image, storytelling, prompts, creative iteration, and digital asset production.
- Maintained a **100% Job Success Score and Top Rated status on Upwork** through clear communication, delivery consistency, and expectation management.

MOTEL FIESTA - MARKETING DIRECTOR

Jan 2024 - Mar 2026

- Led marketing, campaigns, content, digital presence, reputation, reporting, and commercial prioritization, increasing **average monthly revenue from R\$220K to R\$305K (+39%)**.
- Used occupancy data, customer behavior, and operational constraints to identify opportunities, structure offers, and guide digital campaigns.
- Created high-demand campaigns and offers, aligning value proposition, content, paid media, digital channels, and operations.
- Improved Google reputation from 2.5 to 4.0 stars by connecting customer experience, communication, digital presence, and operational routines.

AGROJOB - MARKETING DIRECTOR

Jan 2022 - Aug 2023

- Built the marketing operation of an HR Tech / AgTech from scratch, connecting branding, acquisition, CRM, events, paid media, data, and workflows across marketing, sales, and technology.
- Implemented Monday.com as an operational environment for tasks, CRM, Kanban, sprints, backlog, departments, automations, dashboards, and process visibility.
- Created the initial lead capture and organization structure using WordPress, Elementor, forms, Google Sheets, job pages, QR Codes, and short links.
- Structured funnels for rural workers and farm owners, generating a database of thousands of rural leads while reducing friction in the application process.
- Supported app development by organizing workflows, priorities, product logic, and operational requirements for the technical team.

AGENCIA LESS PAPER - CEO & CO-FOUNDER

Jun 2018 - Jan 2022

- Founded and scaled a 360-degree digital agency to nearly **R\$600K in revenue**, leading sales, client service, strategy, execution, and a remote team of up to 12 people.
- Managed simultaneous projects across paid media, SEO, content, websites, landing pages, branding, CRM, campaigns, and digital presence for clients across multiple industries.
- Led sales calls, commercial presentations, briefs, timelines, approvals, scope control, priorities, and performance reports.
- Led the repositioning of Domatus during the pandemic, generating **over R\$1.9M in revenue** through strategy, communication, campaigns, and commercial execution.
- Delivered approximately **R\$120K in sales in 40 days** for Villa Rizza with less than R\$1K in paid media, a national winning case at One Week Club / 8Ps.

ADVERTISING AGENCIES - ART, MEDIA, PRODUCTION & CAMPAIGNS

2010 - 2018

- Worked for 8 years in advertising agencies, delivering campaigns, creative assets, media, production, events, and online/offline materials for brands across multiple sectors.
- Built a strong foundation in fast execution, approvals, stakeholder communication, visual consistency, deadlines, commercial asset production, and vendor relationships.
- Developed campaigns and materials for brands such as **Chevrolet, Grupo Pão de Açúcar (Extra), and Brasil 21**.

TOOLS AND PLATFORMS

Google Ads, Meta Ads, Universal Analytics / classic Google Analytics, Google Search Console, Semrush, Google Business Profile, WordPress, Elementor, Divi, landing pages, Mailchimp, ActiveCampaign, ManyChat, WhatsApp API, Monday.com, ClickUp, Trello, Operant, Kanban, sprints, Figma, Adobe Creative Cloud, CapCut, ChatGPT, Claude, Codex, Claude Code, Cursor, OpenCode, Antigravity, Google AI Studio, n8n, basic Make, React, TypeScript, and Firebase in AI-assisted development projects.
